Carol - please see PAMD's request below. Please let me know if you need any additional information, clarification or need me to make any changes on this request? Thank you for your support.

The Pennsylvania Association of Milk Dealers (PAMD) would like to petition the Pennsylvania Milk Marketing Board (PMMB) to consider the controlled and non-controlled product's data collection currently required in the law for audit purposes.

In particular, we are petitioning to amend Regulation 149.22 to remove the requirement that discounts are required on invoices, which is contained in the last two sentences of Section 149.22. PAMD also requests amending Section 149.42 to reduce the number of accounts required by providing for a Total Gross Sales-controlled account and a Total Gross Sales – noncontrolled account and eliminating the other sales accounts.

PAMD is prepared to provide testimony and/or comments as necessary to support this request.

Thank you for your consideration.

Best,
Rob Fulton, CAE
